PROJECTS

Portal App recreation — Python, Flask,
A group of peers and I built a recreation of a high-functioning web application. We dealt with templates, HTML, CSS, Python, Git, SQL and Javascript. We had a total of 4 weeks to complete as much as possible.

Maze Game — JavaScript, *HTML, and CSS video game.*
A partner and I created an eleven level maze game out of pure JavaScript. More at the Github link above.

Text Adventure - Python, OOP and Bash Terminal game.
I created and then updated a python object oriented text adventure game and used my understanding of Classes, OOP concept, Python and Bash.

SKILLS

- JavaScript
- Python 3 and Flask Framework
- HTML 5 and CSS 3
- Git version control
- OOP concept
- MySQL and PostgreSQL
- Bash and Unix Terminal
- PHP

Soft Skills

- Great public speaker
- Work well in groups as well as independently
- Detailed oriented

Achievements

- Student Vice President of Thaddeus Stevens from Aug 2020– May 2021 Expected
- 100+ Leetcode Questions completed.
- Fall Semester 2020 completed with 4.0 GPA at Stevens.
